

You've lost your first tooth! Congratulations! That's so very exciting. You are really growing up fast. When I heard the news, I couldn't wait to come to your house and see for myself.

And thank you so much for leaving your beautiful tooth to be part of my collection. I'm leaving you a gift as well to show my appreciation.

I also wanted to tell you how very proud I am of the job you're doing brushing and flossing. Taking care of your teeth is so important. Also, remember to eat lots of fruits and vegetables so your teeth stay healthy and strong. I don't want any yellow, rotten ones in my collection!

Next time you are at the dentist, be sure and tell Dr. J and her helpers I said hi (we're very good friends). Also, don't forget to tell them about how you lost your first tooth. Everybody at Rominger Dental will be excited for you, too, just like I am.

I'll be back and see you again next time you lose a tooth!

Love,

*The Tooth Fairy*
