

Oh, this tooth is beautiful! Thank you so much for leaving it for me! White, pearly ones are the best. This will fit nicely in my collection. I already have a place picked out for it in my display case.

Also, I need to apologize to you. I know it's been a little while since you lost your tooth, and I really truly meant to get here sooner, but I just could not make it to your house until now. You see, there was a hockey game and a LOT of players lost a LOT of teeth. I needed to pick all of them up and I just finished before heading over here.

Although, to be quite honest, most of those were yellow and gross and I am much happier with yours. Thank you so much for being patient. I'm leaving you something nice in return.

Next time you go to see Dr. J and her helpers at the dentist office, be sure and tell them I said hello. They're wonderful people and some of my very best friends. Keep brushing and flossing!

Love,

*The Tooth Fairy*
